# YOUR BEAUTY REVOLUTION

*Slow down the aging process with Bioxil's revolutionary approach to beauty.*

**I**t is every woman's desire to recapture the skin of their youth – the soft skin of a baby that just begs to be touched. A baby's skin has those qualities because the growth rate of its skin cells exceeds its rate of degradation. This process shifts in balance as we age. However, even as our biological processes change, our desire for baby-smooth skin remains.

While genetics determine how well (or poorly) we age, external factors play a vital role as well. When exposed to unavoidable aggressions such as UV radiation of the sun and hazards of a modern lifestyle, our internal balance is disturbed and over time, altered. The health and appearance of our skin is left in a state that is far from optimum. We suffer from an escalating loss of firmness, elasticity and moisture, which results in fine lines, wrinkles, hyper pigmentation and sagging skin.

Bioxil is a Swiss brand built on the powerful philosophy that every woman can slow down the aging process. Backed by the world's leading scientists and the latest state-of-the-art technologies, Bioxil's remarkable achievements have revolutionised beauty in ways others can only imagine. If there's a brand that truly understands your skin and can restore it to a state of equilibrium, it is Bioxil.

**1. Advanced Anti-Aging Lifting Essence** A high performance anti-aging essence formulated with powerful antioxidants and innovative peptides that stimulate collagen production to smooth wrinkles and fine lines.

**2. Advanced Anti-Aging Firming Moisturizer** A concentrated, anti-aging elixir that repairs and protects your skin against free radical damage to give you a glowing and radiant complexion.

**3. Advanced Wrinkle Lifting Firming Moisturizer** A triple-power cream that is absorbed deeply into your skin to protect, hydrate and regenerate to stave off the effects of premature aging.

**4. Advanced Wrinkle Lifting Eye Cream** A lightweight, nourishing cream for the eye contour area that eradicates puffiness, dark circles and eye bags to give you brighter and more youthful eyes.
